To the Taihape Community Development Trust

A SUSTAINABLE LEISURE HUB IN TAIHAPE

This multi-purpose facility will be available to all sports clubs, individuals and community organisations.

I support:

- the Taihape Community Development Trust developing a project that will see the establishment of a Leisure Hub at Memorial Park.
- the first phase of the Leisure Hub Building Project, which envisages the building of a Leisure Hub Complex and an upgrade of the immediately surrounding facilities (e.g. tennis and netball courts, parking, fencing).

I am prepared to contribute \$ _____ to this stage, provided that

1. an agreed plan has been signed off by the Trust
2. additional funding is secured prior to any building works being undertaken.

I also acknowledge and agree that;

- the Taihape Community Development Trust, who has initiated the project, will apply for funding for this first stage of the project.
- the Taihape Community Development Trust will keep the community informed about progress, regarding funding and all aspects of the Leisure Hub concept and facility development.
- that the community will be consulted as part of the project and be involved in the establishment of a 'Sustainable Management Structure' for the Leisure Hub.

Therefore I endorse the Taihape Community Development Trust, Building Project Committee and Fundraising Committee to proceed with activities as outlined above.
